NBC OLYMPICS SELECTS NET INSIGHT AS TRANSMISSION SCHEDULING MANAGEMENT SOLUTIONS PROVIDER FOR ITS PRODUCTION OF 2018 OLYMPIC WINTER GAMES IN PYEONGCHANG

Net Insight’s Solutions to Manage Transmission Feed Scheduling and Resources During its Coverage of 2018 PyeongChang Olympics

Stockholm, Sweden – February, 8, 2018 - NBC Olympics, a division of the NBC Sports Group, has selected Net Insight to provide their ScheduALL® resource and transmission management solutions for its production of the XXIII Olympic Winter Games, which take place in PyeongChang, South Korea, from February 9 - February 25. The announcement was made today by Dan Robertson, Vice President, Information Technology, NBC Olympics, and Fredrik Tumegård, CEO of Net Insight.

NBC Olympics will use ScheduALL, Net Insight’s advanced resource management solutions, to orchestrate the logistics of staff members, equipment, locations and transmission feeds. ScheduALL manages critical information such as video router assignments and satellite uplink scheduling, and automatically passes the information to downstream systems to facilitate on-air coverage for each feed.

“We have once again chosen the ScheduALL software for our mission-critical operations to manage our resources and transmissions during the Games,” said Robertson.

“We are very proud to contribute to the success of the NBC Olympics production,” said Tumegård. “NBC Olympics will be supported onsite by Net Insight personnel throughout the Olympic Winter Games in PyeongChang, and at NBC Olympics’ office in the United States.”

About NBC Olympics

A division of the NBC Sports Group, NBC Olympics is responsible for producing, programming and promoting NBC Universal’s Olympic coverage. It is renowned for its unsurpassed Olympic heritage, award-winning production, and ability to aggregate the largest audiences in U.S. television history.
