SimCorp has entered into a licence agreement with Austrian Oberbank and 3 Banken-Generali Investment. Oberbank is one of three banks forming the Austrian 3 Banken group, while 3 Banken-Generali Investment is the common fund management subsidiary of the 3 Banken group and Generali Holding Vienna.

Oberbank will use SimCorp Dimension as its strategic investment management solution covering depositary banking, fund administration, IFRS and compliance. 3 Banken-Generali Investment will use SimCorp Dimension as its systems platform for risk management and performance attribution.

“SimCorp Dimension will be our central investment management platform,” says Mag.
