BTS receives a 6 MSEK order from BG Group Plc.

Stockholm, Sweden– BTS Group AB (publ) the world's leading consultant- and training company within the segment of business simulations has signed a 6 MSEK contract with BG Group Plc.

BG Group is a global natural gas business. Active on five continents in over 20 countries, it operates four business segments – Exploration and Production, Liquefied Natural Gas, Transmission and Distribution and Power generation. BG Group is headquartered in the United Kingdom (UK) and employs around 5,400 people, 60 per cent of whom are located outside the UK.

BTS supports executive management in corporate change processes and the implementation of new strategies with the objective to create a more successful and profitable company. BTS delivers this through real life, tailor made business simulations and the BTS mission is to work with BG's executive management to deliver a customized simulation to support the strategic initiative named "Business Discovery".

A pilot project has already been delivered to BG as an important step in the overall decision process.

"We are proud that a world leading company within the energy sector has chosen to work with BTS in connection with an extensive strategic project," says Henrik Ekelund, President and CEO of BTS Group AB. "This is further evidence of our market leading position globally, within the corporate and business training market."

BTS Group has today almost all its customers within the global 1 000 companies. Some examples of companies where BTS recently has been involved in strategic projects: Coca-Cola, Weyerhaeuser, GM, Vodafone, Boeing, Telstra, Adobe, HP, Cisco, DHL, Honda, Toyota, GAP, SonyEricsson, Nokia, Scania and Sony.

About BTS Group AB

BTS Group AB is the world's largest and most successful consultant and training company within the segment of business simulations.

BTS supports executive management in corporate change processes and the implementation of new strategies with the objective to create a more successful and profitable company. BTS delivers this through real life, tailor made business simulations.

BTS educates and trains not only executive and top managers but also educates the entire organization so that they understand and are given the ability to analyze the key factors most important to the company in terms of supporting growth and profitability.

All projects are managed as tailor-made business simulations delivered as e-learning solutions, software solutions or as interactive seminars. Regardless of the delivery method each participant is given the opportunity to create their own experiences and instantly see the result of their efforts by working in a simulated environment where real live corporate data and conditions apply.

All of this creates a highly efficient education process where business strategies and objectives are transformed into action which in turn leads to a higher awareness of which decisions in the day to day business effects corporate profitability and success. The overall result is measurable and sustainable profit improvements.

BTS customers are leading global corporations. Currently BTS customer list includes more than 20 of the worlds 100 largest companies. During 2005 BTS recorded revenues of SEK 286,1 millions (205,9) a 39 percent increase and earnings after tax improved 80 percent to SEK 36,8 millions (20,4). BTS has more than 150 employees in US, Sweden, Finland, UK, Spain, Australia, China, South Africa and Switzerland.

BTS is a publicly traded company on the Stockholm Stock Exchange and trades under the symbol **BTS B**
