About BTS Group AB

BTS Group AB is the world's largest and most successful consultant- and training company within the segment of business simulations.

BTS supports executive management in corporate change processes and the implementation of new strategies with the objective to create a more successful and profitable company. BTS delivers this through real life, tailor made business simulations.

BTS educates and trains not only executive and top managers but also educates the entire organization so that they understands and are given the ability to analyze the key factors most important to the company in terms of supporting growth and profitability.

All projects are managed as tailor-made business simulations delivered as e-learning solutions, software solutions or as interactive seminars. Regardless of the delivery method each participant is given the opportunity to create their own experiences and instantly see the result of their efforts by working in a simulated environment where real live corporate data and conditions apply.

All of this creates a highly efficient education process where business strategies and objectives are transformed into action which in turn leads to a higher awareness of which decisions in the day to day business effects corporate profitability and success. The overall result is measurable and sustainable profit improvements

BTS customers are leading global corporations. Currently BTS customer list includes some 20 of the worlds 100 largest companies. During the first nine months 2005 ending September 30 BTS recorded revenues of SEK 205,8 millions (154,1) an 34 percent increase and earnings after tax improved 67 percent to SEK 26,1 millions (15,6). BTS has more than 145 employees in US, Sweden, Finland, UK, Spain, Australia, China, South Africa and Switzerland.
