

## **NB Private Equity Partners Monthly Net Asset Value Update for October 2009**

11 November 2009

NB Private Equity Partners Limited (“NBPE” or “the Company”), a closed-end private equity fund of funds investment company, today announced an updated Net Asset Value (“NAV”).

As of 31 October 2009, NBPE’s unaudited NAV per share was \$8.78, representing an increase of 1.5% compared to the unaudited NAV per share of \$8.64 at 30 September 2009.

The value of NBPE’s private equity portfolio as presented in the October 2009 monthly report was based on the following information:

- 21% of the private equity fair value was held in credit-related fund investments that were re-valued as of 31 October 2009
- 7% of the private equity fair value was held in publicly traded securities that were re-valued as of 31 October 2009
- 32% of the private equity fair value was held in private equity funds using valuation information through 30 September 2009
- 17% of the private equity fair value was held in private co-investments using valuation information through 30 September 2009
- 23% of the private equity fair value was held in private equity funds using valuation information through 30 June 2009

During October, NBPE’s portfolio value increased due to \$2.4 million of unrealized gains on credit-related fund investments and \$0.1 million of positive foreign exchange adjustments. These gains in value were offset by \$1.8 million of unrealized losses related to public equity securities. In addition, net unrealized gains of \$6.9 million were attributable to the receipt of Q3 2009 valuation information for certain fund investments and private co-investments.

During October, NBPE agreed to co-invest alongside Neuberger Berman's secondary fund in the purchase of a portfolio of private equity fund investments and co-investments at a discount to net asset value. The portfolio is well diversified by asset class, vintage year and sponsor, and will provide NBPE with a total private equity exposure of \$7.4 million. The transaction has not yet closed.

NBPE expects to issue an interim management report for the nine month period ended 30 September 2009 later this week. The Company is required to consider, and will consider, all known material information in preparing such management report, including information that may become known subsequent to the issuance of this monthly report. Accordingly, amounts included in the interim management report may differ from this monthly report.

NBPE also expects to continue to provide regular NAV updates within seven business days of each month’s end.

A breakdown of NBPE's NAV can be obtained in the October 2009 monthly report, which is published on the Company's website at [www.nbprivateequitypartners.com](http://www.nbprivateequitypartners.com). The monthly report should be read in conjunction with this announcement.
